

Orange Plastic Bollards

Orange Plastic Bollards are engineered for safety and the reduction of accidents. A fluorescent orange color scheme with white reflective tape promotes safety and visibility. A loop located at the top of the unit enables easy handling and it is ideal for any work place. Spring loaded for forgiveness when contacted by an outside force. Solid rubber weight base measures 10" in diameter and includes three (3) mounting holes. Hardware sold separately.

OPBOL-47	BOLLARD	46½"	3⅞"	8
AS-383	ANCHOR BOLTS FOR CONCRETE (1) 3/8" x 3"			1

Plastic Bollard

Lightweight and portable Plastic Bollard features a round black rubber base. Weighted base provides stability in windy conditions. Reflectors included for better visibility. Easy assembly for use and disassembly for storage.

MODEL NUMBER	HEIGHT	BASE DIAMETER	COLOR	WEIGHT (POUND)
PBOL-24	23"	13¼"	YELLOW	8

Square Steel Bollard

The Square Bollard is perfect for an array of industrial settings, both indoors and outside. Constructed of steel for the utmost strength against collisions. It is also powder coated for a smooth finish and quality appearance. The square design allows the user to better utilize surface space, while also securing vulnerable corners of structures. The flat surfaces are ideal for adding signs. Pre-drilled mounting holes are included for simple installation.

MODEL NUMBER	FINISH	HEIGHT	TUBE SIZE (W x L)	BASE PLATE (W x L)	WEIGHT (POUND)
BOL-SQ-42-4	YELLOW POWDER COAT	42"	4" x 4"	10" x 10"	30
AS-344	ANCHOR BOLTS FOR CONCRETE (1) 3/4" x 4"				1
