

ADJUSTABLE PALLET STAND

HELPS ELIMINATE BACK STRAIN AND FATIGUE

The **MECO OMAHA** Adjustable Pallet Stand has three comfortable working heights and access from all sides. By grasping the safety handle the Adjustable Pallet Stand can be set up easily by just one person. A lock prevents the stand from folding while in use.

Made of sturdy structural channel, this all welded unit is designed for use in areas requiring high capacity support tables such as shipping rooms, machine shops and maintenance departments. Folds down to 8³/₄".

Choose model APS2C with two swivel/two rigid 5" x 2" phenolic casters for easy movement within the plant or shop.

Gray enamel finish.

• **4,000 LB CAPACITY**

MODEL NO.	TOP SIZE	ADJUSTING HEIGHTS	WEIGHT
APS2	40" x 40"	24" - 30 ¹ / ₂ " - 34"	196 lbs
APS2C		30 ¹ / ₂ " - 37" - 40 ¹ / ₂ "	209 lbs

FOR REEL RACKS

REEL WINDERS

HANDLE MATERIAL ON REELS QUICKLY AND EFFICIENTLY

Ideal for unreeling wire rope, cable and chain, or almost anything that is stored on a reel. The frame has six roller positions to allow adjustment for virtually any reel diameter and has holes for floor mounting. The 2¹/₂" diameter rollers spin freely on ball bearing surfaces; side rollers ensure smooth pay off. A 10 ga. steel ramp permits safe on and off loading. The RW1 and RW2 are one piece units, the RW3 consists of two separate pieces. Orange enamel finish; ships via UPS.

• **4" HIGH X 28" LONG**

MODEL NO.	NUMBER OF REELS	MAXIMUM REEL WIDTH	WIDTH	CAPACITY	WEIGHT
RW1	1	28"	31 ¹ / ₂ "	1,500 lbs	68 lbs
RW2	1 or 2	48" or 24"	52"	3,000 lbs	106 lbs
RW3	1	Unlimited	91 ¹ / ₄ "		68 lbs
