HANDLE·IT®

Model MR-3000
Mobile Robot Stretch Wrapper

The Handle-It® 3000 Series Mobile Stretch Wrap Machine delivers a portable solution for wrapping pallets of any size or weight. Unlike fixed systems, it brings the wrapper to the load - ideal for oversized, irregular, or floor-bound pallets. With a 250% powered prestretch carriage, intuitive controls, and a durable mobile chassis, it's built for efficiency in dynamic environments..

- **98" Standard Wrap Height** *(118" Extended Wrap Height Option)*
- **Stop at 0 - no need to input perimeter!**
- **250% Power Prestretch Carriage**
- **Wrap 200+ pallets per charge!**
- **2 Year Warranty**
